'walawaani njindiwan ngayaga Yuin Natalie Bateman'

'I hope you all had a safe journey here and to your next destination I am Yuin'. 'Welcome'.

We belong to one of the largest Aboriginal families on the south coast, NSW. We are sea dwellers and our life revolves around the ocean hunting and gathering seafood. Life started for me growing up at Maroubra Beach and La Perouse. Then later on Nambucca Heads, home of my extended Gumbayngirr family. Living at Lennox Head in my early 20's I discovered painting, I am self-taught. So I swapped cooking in restaurants for paintbrushes.

My family upbringing and cultural connection has influenced the style and subjects of my artworks, the art all have the essence of my family in them, they are my life and they all bring colour to my world. For many years I have used the dot style painting, today the use of line work in the paintings is now more my groove.
